LYNCHED AN INNOCENT MAN. H. G. Blackman, the Negro, Told the Argenta Mob the Truth.

Little Rock, Ark., Oct. 11.—It now seems to be clearly established that when the meeting of four masked men overpowered Turnkey Folsom Davis and took H. G. Blackman, a negro from the Argenta city jail, Sunday night, strung him to a telegraph pole and afterwards filled his body with buckshot, it lynched an innocent negro, if the crime charged to him was taking part in the fusillade which killed John Lindsay and wounded his son, Milton Lindsay. Blackman's statement that he had been in Lake Village Saturday and did not reach Argenta until after the arrival of belated train No. 106 of the Valley division of the Iron Mountain Saturday night is corroborated by reputable citizens of Little Rock.

DID U KNOW?

That the heat units in a HEATING STOVE is what counts in heating cold air? A stove may put forth its best efforts to serve, but lacking in heat units, can only heat a little space around it.

HART'S HEATERS

Are made with heat units everywhere. The larger stoves have very powerful circulation features also, making it easy for HART'S STOVES to do the work, which is the reason they use so LITTLE FUEL and LAST so LONG.
